

# NICU, complete care and you

California Hospital Medical Center delivers more than 400 babies per month. Board-certified obstetricians/gynecologists and nurse midwives are available at all times. If your baby requires special care, the hospital has neonatologists on staff

around the clock in its Newborn Intensive Care Unit (NICU).

*EPFMC offers the full range of women's healthcare services, including:*

- early illness detection
- nutritional counseling
- family planning and contraception counseling
- prenatal, childbirth and post-childbirth care
- well-woman preventive exams and screenings

*In addition, we offer:*

- prenatal classes, including Lamaze
- high-risk pregnancy care
- fetal testing
- genetic screening
- vaginal births after Cesarean (VBAC)

## EISNER PEDIATRIC & FAMILY MEDICAL CENTER

## Midwifery Program

IN PARTNERSHIP WITH

CALIFORNIA HOSPITAL  
MEDICAL CENTER

~ Working together to deliver healthy babies to happy mothers ~

**“Working together to deliver healthy babies to happy mothers.”** That’s the motto that keeps Eisner Pediatric & Family Medical Center (EPFMC)

and California Hospital Medical Center (CHMC) providing world-class care to our prenatal patients.

EPFMC’s certified nurse-midwives and OB/GYN doctors are available to you 24 hours a day, seven days a week for childbirth services at CHMC.

## We believe:

- Having a baby is a natural health event.
- Women want to give birth in a caring environment.
- Women have a right to be heard regarding their healthcare needs.

For more information about the EPFMC Midwifery Program or to make an appointment, call (213) 747-5542.

## Certified nurse-midwives

Certified nurse-midwives are registered nurses who have graduated from advanced education programs accredited by the American College of Nurse-Midwives. They are trained in comprehensive pregnancy, gynecology and family planning care. At Eisner Pediatric & Family Medical Center, nurse-midwives are the pregnant woman’s primary care provider, working to create the most positive and comfortable birth experience possible.

## Your birth experience with a nurse-midwife offers:

- high quality, dignified medical care and prenatal education
- professional expertise with a personal touch
- as natural a birth as possible
- counseling and information for making informed healthcare decisions and lifestyle choices
- a commitment to meeting each woman’s individual needs and choices
- adherence to strict national guidelines and standards
- an understanding of women’s unique physical and emotional needs
- personal, high quality healthcare for women from adolescence to post-menopause
